

From the Sales Department

Boston Whaler's Newest "Master Dealer"

As of this past November and after 12 months of hard work, EHM has been certified as a Master Dealer by Boston Whaler. Scoring 96.8% on 120 business processes, we join a select group of other dealers throughout North America committed to continually bettering your customer experience. As you may have noticed this past summer, Boston Whalers sold very well. We were taken by surprise with the Brand Loyalty and interest this popular boat commanded. We've stocked up and have plenty of Whalers ready and wrapped in Rockport awaiting launch next spring. Whether you want the Family Fun and versatility of a 13' or 15' Sport or the deeper V of an 18 or 22' Dauntless we have them... all powered by Mercury 4 strokes. New for this season is the availability of the super quiet, super charged 4 Stroke 150HP Verado L4 available on the 18 Dauntless. See all the new models

Hunt Surfhunter 29

More Generous cockpit and Cabin accommodations set the 29' apart from the smaller Harrier 25 we profiled last year. While the Surf hunter 29 is essentially still a day boat, it's easy to see yourself spending a few nights aboard thanks to the enclosed head w/shower and galley unit. If the clean, traditional lines of the 29' remind you of what a boat should look like, learn more about Hunt's pedigree by visiting www.marina.ca

Cobalt 232

Hunt
Surfhunter 29

Cobalt 323

Cobalt...the waiting is over

The long awaited 293 replacement makes its debut in Toronto at the Boat show in Jan. Bigger and Better the new 323 is 34'9" long/ 10'6" Beam and 22* Deadrise. Wide open Cockpit with Euro-style activity Sunpad. As with all Cobalts, It planes effortlessly and runs confidently thru waves that send the other boats home. Ditto for the 232, albeit in a little smaller package. Way too many expletives to fit here... but that's what the internet is for. Try www.cobaltboats.com to explore these wonderful new additions to the industry's undisputed best builder.

Chance at \$500 . . . for 5 minutes work!

As you may have noticed, we've included a copy of our annual customer survey with this mailing. If you haven't already done so, please take just 5 minutes to reflect on your past summer at the Marina and share with us where you think we could make improvements to make Ed Huck Marine even better. We'll draw one lucky winner for a \$500 account credit. Just fax it back to 613 659 4286oh... and cross your fingers.

ED HUCK MARINE

Winter 2005

"Where Family and Friends Come To Play"

Ed Huck Marina News

Marina Expands

This past October, Ed Huck Marine purchased the adjacent Scenic lodge property formally known as "Park and Launch" Future plans include a new dock basin, additional winter storage, additional car parking permits and the return of the "Port General Store" and sandwich shop. As the spring draws closer we'll be better able to share plans for this beautiful addition to the Ed Huck Marine Facility.

should make it to next year's calendar.

Ivy Lea Resort Marina witnessed lots of changes as the new owner began much needed upgrades to the facilities. The Inn and Restaurant (The Captain's Table) underwent a major restoration as did the roads and water system. This fall, work began to replace the East harbor docks, as well as a plan for maintenance dredging and the design and construction of a new office/washroom structure for next spring. Please contact tim@marina.ca with any questions or concerns you have regarding future plans at Ivy Lea.

Last year recap

Last summer presented us with some of the best boating weather in many years. Blue skies and warm temps were great for cruising... but meant we received below average rainfall. As a result, we were challenged by extremely low water this past fall. By September, it became necessary to dredge an entrance channel to the East end of the marina to assist the larger boats requiring more depth. We are hopeful that this winter provides an abundance of snow and rain reducing the need for costly additional dredging.

We kept you busy

Summer 05 saw a busy social events schedule at EHM. Thanks to all who participated in the Cobalt Cruise, Murder Mystery, Seadoo Ride for Cancer and Cruise Party in Sackets's Harbor. Please feel free to let us know in an e mail (scott@marina.ca) which events

Boat Show Buzz

Did you book your room?

\$72 for the downtown Sheraton is a steal! How can it be this cheap? We told the Sheraton that boaters are a really social group and that they'd make their money back in the bar... 3 times over. Anyone attending the Toronto Boat Show in the past knows what a great time it is. To make it even easier, take the train and totally relax. But you need a room to enjoy all the Fun ... Put a little summer in your Winter and call the Sheraton right now.

Ask for the boat show rate,

Going, Going, Gone . . .

What's on at the Boat show?

Lots! Every imaginable style and size of boat is on display indoors throughout 4 different halls. Friday Night Jan 13th is the Children's for Charity night. Food, music, wine and a chance to see the whole show... minus about 25,000 other people. Call the show office to reserve a first-class ticket to this very civilized way to enjoy the show. You'll be helping selected Children's Charities make a difference and you'll receive an additional admission ticket to visit the show on any day of your choosing. Call 905 951 0009 or www.torontoboatshow.com to book your tickets.

Ed Huck Marine Reception Party

Remember Yuk Yuk's comedian Derek Edwards and the fun last year? We'll we're planning another exciting event at the Sheraton, Sat night Jan 14th after the show. Illusionist Brian Michaels will be on hand to add to the magic of the show. Food, drinks, entertainment and a chance to get together to Kick Off the 2006 Boating Season. If you're planning to attend, please RSVP scott@marina.ca by Friday Jan 6th so we can let the kitchen know how much food to prepare.

We've sold out of all 2005 Seadoo watercrafts ... again. The big seller was the new 3 seat RXT 215HP ... and we predict the same again for 2006. BUT if you want the convenience of a 4 stroke but don't need 215 HP, take a look at the 2006 GTI series of three seaters. 130 HP, 4 stroke simplicity and ease of operation comes in two flavours of yellow. The standard GTI personifies VALUE at only \$10600. Or choose the upgraded GTI LE with swim ladder and multi function gauge for \$ 11700. Of course we still have the offering of full size GTX's available with your choice of performance from 155HP to 215HP. E mail Don, Judy or Tim@marina.ca for all the info and pricing Only \$1000 down holds your choice till spring.

Wouldn't it be Cool . . .

To push a button and go boating without fussing with fenders and lines? Wouldn't it be great if your boat bottom never got green and slimy? Do you lose sleep when the wind comes up and you're worried

how well the boat was tied up? A Sunstream Hydraulic Boatlift makes all these concerns go away. Just aim between the upright posts when arriving, push the remote con-

trol and your boat is lifted safely out of the water until you're ready to go again. We have experienced professionals ready to come inspect, quote and install a lift at your shore in time for next spring.
